

Gaia

The Mother Earth -- Zeitgeist of our Time

Gaia

- **Gaia** (pronounced /ˈɡeɪ.ə/ or /ˈɡaɪ.ə/) "land" or "earth", from the Ancient Greek Γαῖα; also **Gaea** or **Gea** (Koine and Modern Greek Γῆ)[1] is the primal Greek goddess personifying the Earth, the Greek version of "Mother Nature".

Gaia as Mother

- According to Greek Mythology, Gaia and her offspring, gave birth to much of the universe.

Mother Earth

More and more people are embracing the concept of the Earth as a single, living, sentient being, as a living organism.

Earth Consciousness

This idea holds that the earth has evolved into a fully functioning, self-regulating organism, complete with consciousness and personal awareness.

Thus, all natural cycles, ecosystems and organisms are part of her life support systems, just as our blood cells, lungs and hormones are part of us.

Earth is a **Superorganism**.

A **superorganism** is an organism consisting of many organisms. This is a term used for the highest level of social organization in a hierarchical classification.), where division of labor is highly specialized and where individuals are not able to survive by themselves for extended periods of time.

Superorganism & Collective Activity

The technical definition of a superorganism is "a collection of agents which can act in concert to produce phenomena governed by the collective." Phenomena being any activity "the hive wants" such as ants collecting food or bees choosing a new nest site.

Superorganism Implications

- [Ants](#) and naked mole rats are the best known example of such a superorganism.
- They exhibit a form of "distributed intelligence," a system in which many individual agents with limited intelligence and information are **able to pool resources to accomplish a goal beyond the capabilities of the individuals.**
- Existence of such behavior in organisms has many implications for military and management applications, and is being actively researched.

Superorganism Implications

Existence of such behavior in organisms has many implications for military and management applications, and is being actively researched.

Goal is to Integrate All Human
Activity into the Superorganism

Gaia, Mother Earth, is the
superorganism and thus all
human activity would be an
extension of working in
harmony with Mother Earth.

World Government & Copenhagen

Even though the Copenhagen summit seemed to fizzle and fail, many far reaching agreements were reached with the G-20 nations.

Superorganism Applied to Human Activity

- This concept is now being applied to human institutions and organizations and it parades under the banner of **communitarianism**.
- Thus we have the terms global community and global village.
- Remember Hillary Clinton's book titled "It Takes a Village to Raise a Child."
- Human beings are being organized into a bee hive kind of structure with the elites being the queen bee.

Community Organizer

The plan is being implemented gradually.

Start with neighborhoods, communities and then extend it.

More and more land is being taken over by the government in the name of preserving elements of nature, wet lands, lakes, deserts, grasslands, etc., national heritage sites, historical areas, etc.

Implications of Communitarianism and Parenting

Make the community be the parent:

"Communities should share joint custody of children with parents.... require 'registration and inspection' of young children so that the community can monitor child development and not lose track of the children for which it is responsible." also calls for a parenting license. (p. 245) Garbarino

End Masculine Domination

- We need to end masculine domination both in the family and in society, so that we can create a cultural climate in which the sustainable society can exist." (p. 66) Patriarchy is a threat to the planet, according to Garbarino. He devotes an entire chapter to this subject because he believes we need to have a more feminine ethic to survive. His book has probably never been fully embraced by the feminists, however, because he believes women should be out working in the gardens and fields producing the household's food!

Rule of Women

“[As for] my people, children [are] their oppressors, and women rule over them. O my people, they which lead thee cause [thee] to err, and destroy the way of thy paths.” (Isaiah 3:12 AV)

Effeminate and Homosexual Children

We see in Romans 1:26-28 that one of the consequences of worshipping the creation more than the Creator is homosexuality!

Romans 1:26-28

26 For this cause God gave them up unto vile affections: for even their women did change the natural use into that which is against nature: 27 And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet. 28 And even as they did not like to retain God in [their] knowledge, God gave them over to a reprobate mind, to do those things which are not convenient.

Superorganism & Cybernetics

- Superorganisms are important in cybernetics, particularly biocybernetics.
- **Cybernetics** is the interdisciplinary study of the structure of complex systems, especially communication processes, control mechanisms and feedback principles.

Pscho Cybernetics

Psycho Cyb***Psycho-Cybernetics*** is a classic [self-help book](#), written by [Maxwell Maltz](#) in [1960](#) and published by the [non-profit Psycho-Cybernetics Foundation](#).[\[1\]](#) Motivational and [self-help](#) experts in personal development, including [Zig Ziglar](#), [Tony Robbins](#), [Brian Tracy](#) have based their techniques on Maxwell Maltz. Many of the psychological methods of training elite [athletes](#) are based on the concepts in Psycho-Cybernetics as well.[\[2\]](#) The book combines the [cognitive behavioral](#) technique of teaching an individual how to regulate [self-concept](#) developed by [Prescott Lecky](#) with the [cybernetics](#) of [Norbert Wiener](#) and [John von Neumann](#). The book defines the mind-body connection as the core in succeeding in attaining personal goals.[\[3\]](#)

erhetics

Name it & Claim it Religion

Televangelists like Joel and Victoria Osteen and a host of others are drawing record crowds as they employ the techniques of psycho cybernetics coupled with talk about what God has in store for you if you will get your thoughts in line with what God has in store for you.

Input and Evaluation Surveys

- Various organizations, including churches are using various evaluation and feedback mechanisms.
- Evaluation forms and surveys are tallied and organizations use the data to formulate strategic plans and programs.
- It is in essence a mass form of the Hegelian dialectic as the masses wishes are homogenized to determine the new thesis.

Evaluation & Surveys Caution

These instruments are popular with various organizations because the laity believes that their input will make a difference in the planning of future programs.

The data gleaned from these instruments can be used in a variety of ways to justify what was planned in the first place.

Search the Bible and you will not find any evidence of the use of any such instruments. Nearest is perhaps Acts 6, where they are instructed to seek out men of good report.

Cybernetics & Control Systems

Cybernetics is closely related to [control theory](#) and [systems theory](#).

- **In layman's terms cybernetics has to do with networking and how systems relate to each other.**
- **The term cyberspace is applied to the internet and people engage in cyber sex and other relationships via the internet.**

Gaia Religion

- Gaia (mother earth) has been elevated to a goddess, replacing God as the creator, savior and ultimate source of life to the New Age Movement.
- One of the spin-offs of this concept is the view that humanity has become a parasite on the earth and thus human civilization needs to be severely reduced and restructured, to ensure the survival of the great host organism---mother earth.
- Neopagans, environmentalists, and many scientists now identify themselves as Gaians.

Politicians & Hollywood in League

- Many politicians are in league with Hollywood personalities who have made environmentalism and global warming into a religion of worshipping the earth.
- Witness the fact that one of the most influential democrats of our times, Al Gore, won an Oscar for his documentary movie titled: “An Inconvenient Truth.”
- Millions of people around the world have been whipped up into a religious fervor over saving the planet.

Politically Correct

- If you want to be elected to an office in the US you must be in tune with the green movement.
- To be in the in crowd of society you need to be in sympathy with the green movement.
- Of course, we should protect the environment and dress the garden and keep it as God commanded.
- But God never intended that we would worship the creation rather than the Creator.

Paganism & Pantheism

Gaia and New Age religion are merely forms of pagan pantheism.

Pantheism is the belief that God is all; and all is God.

Pagans developed a God for most natural phenomenon with emphasis on reproduction

Opposing Views

The irony of this movement centers on two opposing views: 1) population control and a return to subsistence living with the creation living in harmony with Gaia (mother earth). This view is anti-technology and anti-industrialization. 2) the second view is to use technology to lower green house gases, reduce global warming, redistribute wealth, do away with poverty and bring the world a new era of peace and prosperity.

Save the Planet

- At present, the second concept is being pursued, but the first concept is in the background
- The save the planet concept has many tentacles that run throughout all facets of our lives.
- Education curricula at all levels are involved in the green movement; businesses and industry from McDonalds to Microsoft are caught up in the green movement.

Gaia Curriculum

- Visit any school in America or the West in general and you will find teaching concepts like outcome-based education; holistic education; transpersonal education; conflict resolution; integrated curriculum; constructivist learning; general systems theory; personal mastery; mental models; child centered classroom; total quality management; school to work; consensus circles; peer mediation; focus groups; values clarification; situational ethics; sensitivity training.

Group Think Education

Humanism is intertwined so completely at the core of Communism, it is no surprise that this humanistic "groupthink education" serves the purpose of paralyzing individual thinking. The Group, the State and eventually a One World Government must be superior to the individual at all costs - group-subservience and group-consensus is vital.

Deception through Public Opinion Polling and Surveying

The illusion must always be given that the public is determining their destiny and democracy is at work. Whereas, in truth, the desired outcome has already been determined.

However, humans are not so easily herded and there will always be those who see through the deception.

Secular Humanist Control Curriculum

- After the Humanists became entrenched in the field of education, the 80s and 90s saw a cultural shift take place. With God successfully rooted out of the secular school system, many times the void was filled with the teaching of yoga, self-hypnosis, meditation, and the altered states of consciousness induction techniques of deep breathing and progressive relaxation

Cars & Cows Must Go

The problem with cows and cars, it seems, is with their... well, er... emissions. Both are supposedly responsible for wreaking havoc on the planet Earth (spelled with a capital "E" to suggest respect and "reverence") because of their CO₂ output- for one a matter of life, for the other a manner of mechanization.

Primitive Agriculture & Vegetarianism

Cars, cows and tractors have to go. The goals for sustainability, according to the latest environmental craze require an abandonment of modern material affluence, a transfer of wealth to third world countries and, unmistakably, a return to the manual plow accompanied by a vegetarian diet.

Doctrine of Devils

¶ Now the Spirit speaks expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; 2 Speaking lies in hypocrisy; having their conscience seared with a hot iron; 3 Forbidding to marry, [and commanding] to abstain from meats, which God hath created to be received with thanksgiving of them which believe and know the truth.” (1 Timothy 4:1-3 AV)

Origin of Paganism

“19 ¶ Because that which may be known of God is manifest in them; for God hath showed [it] unto them. 20 For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, [even] his eternal power and Godhead; so that they are without excuse: 21 Because that, when they knew God, they glorified [him] not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened.” (Romans 1:19-21 AV)

Population Control

The Gaia movement advocates population control based on the notion that mother earth can only sustain a limited number of humans.

So family planning, abortion and euthanasia are important tenants of their philosophy

Paradox of Save the Fish Kill the Baby

Various family planning programs are in tune with those who advocate population control. One of the great paradoxes of the environmentalists is that they will go to great lengths to save plant and animal species while aborting their unborn babies.

Plan Family before Pregnancy

- And people should exercise common sense when it comes to bringing children into this world.
- But birth control should be managed before pregnancy occurs not after.
- Abortion is usually used to try to avoid the consequences of breaking God's law.

Satan & Gaia Deception

At the present time, Satan is using the GAIA and/or green movement to turn people away from the great Creator God while deceiving humans into believing they can save the planet through human effort alone.

Worship of Heavenly Bodies

Evidently the heavens do proclaim a certain story but they were never intended to be worshipped. Job 9:9, 38:31; Amos 5:8

Job's Reference to Stars

- “Which maketh Arcturus, Orion, and Pleiades, and the chambers of the south.”
(Job 9:9 AV)
- “Canst thou bind the sweet influences of Pleiades, or loose the bands of Orion?”
(Job 38:31 AV)

A Call to Worship the Creator

Amos 5:8

- “[Seek him] that makes the seven stars and Orion, and turns the shadow of death into the morning, and makes the day dark with night: that calls for the waters of the sea, and pours them out upon the face of the earth: The LORD [is] his name:” (Amos 5:8)

Worship of Creation

VS

Worship of God

Professing themselves to be wise the pagans set up gods to represent various aspects of their lives. All of these gods were made into objects of worship and thus it was their religion.

They came to worship the creation more than the Creator.

Israel & Idolatry

Soon after the death of Joshua, Israel went into idolatry and began to worship the gods of the pagans.

They worshipped Baal the principal male deity and Ashtaroth the principal female deity.

The groves represented the principal male reproduction organ.

Judges 2:8-10

- “8 And Joshua the son of Nun, the servant of the LORD, died, [being] an hundred and ten years old. 9 And they buried him in the border of his inheritance in Timnathheres, in the mount of Ephraim, on the north side of the hill Gaash. 10 And also all that generation were gathered unto their fathers: and there arose another generation after them, which knew not the LORD, nor yet the works which he had done for Israel.” (Judges 2:8-10 AV)

Judges 2:11-13

- 11 And the children of Israel did evil in the sight of the LORD, and served Baalim: 12 And they forsook the LORD God of their fathers, which brought them out of the land of Egypt, and followed other gods, of the gods of the people that [were] round about them, and bowed themselves unto them, and provoked the LORD to anger. 13 And they forsook the LORD, and served Baal and Ashtaroth.” (Judges 2:11-13 AV)

Baal (Sun God)

Ashtaroth (Moon God)

- These two pagan gods were called various names by various cultures.

Reproduction Linked to Immortality

- The pagans believed that immortality was achieved through reproduction. Thus a great deal of emphasis was placed on symbols that represented reproduction through sexual activity.
- The main symbols represented the principal male and female reproductive organs. So phallic symbols and round shaped symbols were used.

Astrology

Astrology is a form of divination whereby through the use of metaphysical maps of the solar system and dates significant to the recipient, cosmic forces are anticipated in the determination of daily actions, significant events and personal destiny.

Horoscope

Today newspapers carry your horoscope. Even people who claim to be Christians often consult their horoscope to see what the day will bring. Of course this is false worship and against God.

Astrology & New Age

Astrology and new age thought are inextricably linked. It is thought that the heavenly bodies reveal the cycles of human history.

They believe that the ruling constellations progress through a 2100 year cycle. Our solar system has changed from the guard of Pisces (the fish) to Aquarius (the water bearer).

Thus, the new agers believe that the world has moved into the age of Aquarius.

Paradigm Shift or Shift in World View

New Agers contend that this event accompanies a current paradigm shift in world consciousness from the age of monotheism, characterized by male-centered imperialism and Christian dominion, to the New Age movement.

New Age & Gaia Linked

This new age is to be characterized by a monistic one-world religious, political and social order of peace, cooperation and respect for the sacred unity of all life.

In other words New Agers also have a pantheistic view of the earth as a living organism

Solomon & Paganism

What do Solomon, Gaia, New Agers and Al Gore have in common? They have turned from the worship of the true God to the gods of the pagans.

I would imagine that Al Gore would claim to be a Christian, but when a person devotes more attention to Gaia than they do to God can we say that they are Christians.

Solomon's Wisdom Corrupted

Solomon marries Pharaoh's daughter:
“And Solomon made affinity with Pharaoh king of Egypt, and took Pharaoh's daughter, and brought her into the city of David, until he had made an end of building his own house, and the house of the LORD, and the wall of Jerusalem round about.” (1 Kings 3:1)

Solomon's Wife Could not Enter Tabernacle/Temple

One of the great ironies of Solomon's marriage to an Egyptian is the fact that she could not enter into the congregation and the Tabernacle since she was a gentile. Deuteronomy 23:1, 6-7

Deuteronomy 23:7-8

- “7 Thou shalt not abhor an Edomite; for he [is] thy brother: thou shalt not abhor an Egyptian; because thou wast a stranger in his land. 8 The children that are begotten of them shall enter into the congregation of the LORD in their third generation.”
(Deuteronomy 23:7-8)

Solomon Becomes an Idolater

- “But king Solomon loved many strange women, together with the daughter of Pharaoh, women of the Moabites, Ammonites, Edomites, Zidonians, [and] Hittites;” (1 Kings 11:1 AV)
- “7 Then did Solomon build an high place for Chemosh, the abomination of Moab, in the hill that [is] before Jerusalem, and for Molech, the abomination of the children of Ammon. 8 And likewise did he for all his strange wives, which burnt incense and sacrificed unto their gods.” (1 Kings 11:7-8 AV)

Solomon's Evil Influence

There is ample evidence in the Bible that Israel embraced pagan worship for centuries. In fact according to the Bible the altars Solomon built lasted for about four hundred years down to the days of Josiah who restored true worshipped. 2Kings 23:1-13

Josiah Cleanses the Land

“And he (Josiah) defiled Topheth, which [is] in the valley of the children of Hinnom, that no man might make his son or his daughter to pass through the fire to Molech.”
(2 Kings 23:10 AV)

- “And the high places that [were] before Jerusalem, which [were] on the right hand of the mount of corruption, which **Solomon the king of Israel had built** for Ashtoreth the abomination of the Zidonians, and for Chemosh the abomination of the Moabites, and for Milcom the abomination of the children of Ammon, did the king defile.” (2 Kings 23:13)

Ahab Pass through Fire

- “2 Twenty years old [was] Ahaz when he began to reign, and reigned sixteen years in Jerusalem, and did not [that which was] right in the sight of the LORD his God, like David his father. 3 But he walked in the way of the kings of Israel, yea, and made his son to pass through the fire, according to the abominations of the heathen, whom the LORD cast out from before the children of Israel. 4 And he sacrificed and burnt incense in the high places, and on the hills, and under every green tree.” (2 Kings 16:2-4 AV)

Manasseh

- “1 ¶ Manasseh [was] twelve years old when he began to reign, and reigned fifty and five years in Jerusalem. And his mother’s name [was] Hephzibah. 2 And he did [that which was] evil in the sight of the LORD, after the abominations of the heathen, whom the LORD cast out before the children of Israel. 3 For he built up again the high places which Hezekiah his father had destroyed; and he reared up altars for Baal, and made a grove, as did Ahab king of Israel; and worshipped all the host of heaven, and served them.” (2 Kings 21:1-3 AV)

Manasseh Continued

- “4 And he built altars in the house of the LORD, of which the LORD said, In Jerusalem will I put my name. **5 And he built altars for all the host of heaven in the two courts of the house of the LORD.** 6 And he made his son pass through the fire, and observed times, and used enchantments, and dealt with familiar spirits and wizards: he wrought much wickedness in the sight of the LORD, to provoke [him] to anger.” (2 Kings 21:4-6 AV)

Abortion and Gaia

Condoms, Contraception, Abortion "Cheapest Way to Combat Climate Change": London School of Economics

By Hilary White

LONDON, September 10, 2009 (LifeSiteNews.com) - The best way to combat global warming is to reduce the surplus population through contraception and abortion, according to a report from the prestigious London School of Economics and Political Science (LSE).

According to [the report](#), commissioned by the radical pro-abortion, anti-human environmentalist group, Optimum Population Trust, every £4 spent on "family planning" over the next forty years would reduce global CO₂ emissions by more than a ton. This would outstrip the gains of spending on "low-carbon technologies" by £15.

Abortion Continued

"Considered purely as a method of reducing future CO2 emissions" such "family planning" methods as abortion, sterilization and mass distribution of contraceptives, "should be seen as one of the primary methods of emissions reduction." Basing its data on reports by UNICEF and the UNFPA on the "unmet need" for "family planning" in the developing world, the report concluded that if this need is met, 34 billion tons of CO2 would be "saved."

The UN groups cited in the LSE report have claimed that 40 per cent of all pregnancies worldwide are "unplanned" and therefore unwanted. This, they say, means there is an unmet need for abortion, sterilization and artificial contraceptives that, if met, would reduce the number of unplanned pregnancies by 72 per cent.

Satan Plans to Destroy Earth

Satan's goal is to eventually destroy the earth and humankind. The prophet Isaiah makes this very clear. We have read over these verses many times but have failed to highlight some of what is being conveyed. Isaiah 14:12, 16-17, 20.

Isaiah 14:12, 16-17

- “How art thou fallen from heaven, O Lucifer, son of the morning! [how] art thou cut down to the ground, which didst weaken the nations!” (Isaiah 14:12 AV)
- “16 They that see thee shall narrowly look upon thee, [and] consider thee, [saying, Is] this the man that made the earth to tremble, that did shake kingdoms; 17 [That] made the world as a wilderness, and destroyed the cities thereof; [that] opened not the house of his prisoners?” (Isaiah 14:16-17 AV)

Isaiah 14:20

- “Thou shall not be joined with them in burial, because thou hast destroyed your land, [and] slain your people: the seed of evildoers shall never be renowned.”
(Isaiah 14:20 AV)

God Saves Humankind

One of the reasons that God intervenes is to save humankind from Satan's madness. Matthew 24:21-22.

Matthew 24:21-22

- “21 For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be. 22 And except those days should be shortened, there should no flesh be saved: but for the elect’s sake those days shall be shortened.” (Matthew 24:21-22 AV)

Isaiah 24:21-22

- “21 And it shall come to pass in that day, [that] **the LORD shall punish the host of the high ones [that are] on high**, and the kings of the earth upon the earth. 22 And they shall be gathered together, [as] prisoners are gathered in the pit, and shall be shut up in the prison, and after many days shall they be visited.” (Isaiah 24:21-22 AV)

Read Isaiah 24

God Intervenes

God intervenes because man is
destroying the earth and humankind.
Revelation 11:15-18

The Sabbath Observed by all Nations

- “22 For as the new heavens and the new earth, which I will make, shall remain before me, saith the LORD, so shall your seed and your name remain. 23 And it shall come to pass, [that] from one new moon to another, and from one Sabbath to another, shall all flesh come to worship before me, saith the LORD. 24 And they shall go forth, and look upon the carcasses of the men that have transgressed against me: for their worm shall not die, neither shall their fire be quenched; and they shall be an abhorring unto all flesh.” (Isaiah 66:22-24)

Thy Kingdom Come

May God hasten the day in which all flesh will appear before him from one Sabbath to the other.
